

I was born and raised in the North Fork School District and graduated from Utica High School in 1993. I currently live in the Village of Utica with my family.

I married my high school sweetheart Jessica in 2000 and we have 3 children Hailey, Hayden, & Holden. Our children currently attend North Fork Local Schools.

I have been a local business owner of EMF Web Solutions since 2009 and Co-Founded Network4Rentals.com in 2013.

Before being elected to the North Fork School Board, I was proud to have served 4 years as a councilman for the Village of Utica. I'm also involved in the Utica Parks and Receptions Committee, the Utica Merchants Association, SPRC committee at Utica UMC, and the Utica Area Shrine Club. I really enjoy being involved and feel blessed to have so many opportunities to serve in our community.
