

District Gifted Education Plan for Screening, Assessment and Identification

2024-2025 North Fork Local School District

DEFINITION

"Gifted" means students who perform or show potential for performing at remarkably high levels of accomplishment when compared to others of their age, experience or environment and who are identified under division (A), (B), (C), or (D) of section 3324.03 of the Ohio Revised Code.

DISTRICT IDENTIFICATION PLAN

The district accepts referrals, screens and identifies, or screens and reassesses students who perform or show potential for performing at high levels of accomplishment in the areas of superior cognitive ability, specific academic ability, creative thinking ability, and/or visual and/or performing arts. The district must follow policy and procedures established in Ohio Administrative Code 3301-51-15. These rules specify that assessment instruments must come from the list approved by the Ohio Department of Education.

1. DISTRICT PROCESS FOR ASSESSING STUDENTS FOR GIFTED EDUCATION

A. Criteria and Methods Used to Screen and Select Students for Additional Testing for Gifted Identification

- Students who have requested assessment or who have been recommended for assessment by teachers, parents, or other students are provided at least two opportunities a year for assessment.
- Student whole-grade and individual screening scores will be reviewed on a regular basis for gifted identification. Scores must be obtained from an instrument approved by the Ohio Department of Education for gifted identification. If the student's score/s meet the required cut-off score as specified in the Chart of Approved Assessments, the student is identified as gifted and the student's educational needs are determined. Identification scores remain in effect for the remainder of the student's K-12 school experience.
