PUBLIC NOTICE

Each year, all school districts in the state conduct an intensive awareness campaign in accordance with the Individuals with Disabilities Act. At this time we are trying to identify children with disabilities who live within the boundaries of our school district, birth through age 21, who may be in need of special education services.

Students who have disabilities may have one of the following conditions: autism, deafness, blindness, hearing impairment, mental retardation, multiple disabilities, orthopedic impairment, other health impairments, serious emotional disturbance, specific learning disability, speech or language impairment, traumatic brain injury, and/or visual impairment.

Your public school offers evaluation for all children with suspected disabilities, birth through age twenty-one, and education for all children with disabilities, ages three through twenty-one. If you know a child who is suspected of having a disability, please contact your local school building and someone from the district will contact the parent and attempt to inform them of their rights.

The Title I Reading Program

Title I is a Federal Aid program through which most Ohio School districts receive funding each year to provide supplemental instruction for those students who qualify. To receive these funds, each state must submit a plan describing:

- ◆ What children are expected to know and be able to do;
- ◆ The high-quality standards of performance that all children are expected to meet;
- ◆ An ongoing record of student progress through assessment.

The Title I funded schools must work to:

- ◆ Identify students who are failing, or most-at-risk of failing, to meet state standards in reading or math
- ◆ Focus instruction to meet the specific needs of each child
- ◆ Develop programs that add to regular classroom instruction
- ◆ Involve parents in all aspects of the program.

Our Title I teachers work closely with their students' regular classroom teachers in designing their additional instruction.

Parents are invited to contact Title I teachers, regular classroom teachers and principals with any questions regarding information about our program.

Once again we will be using the One Call Now messaging system for parent notification of school delays, cancellations and other information. From the North Fork homepage just follow the link under the parents & students tab to update your information.

CLOSE?? DELAY?? What should we do?

When bad weather affects the area, we make the decision to open/close schools, or modify the school day schedule based upon a careful analysis of all relevant factors. **Some** of these factors are:

- * Information on road conditions from transportation staff and local law enforcement. Careful consideration is given to the most dangerous roads in the district; they can be treacherous, even if your street looks clear.
- * Amount of accumulated snow and/or ice
- * Is precipitation expected to continue throughout the day?
- * Temperature and wind chill
- * Building conditions such as whether there is electricity and heat
